

# Mohammed Aftab Yaligar

--Computer Science and Engineering

Role: -Front End Developer

## ABOUT ME

I am enthusiastically embarking on a journey to thrive within a professional and dynamic environment. My goal is to immerse myself in the ever-evolving realm of emerging technologies, allowing me to not only stay current but also embrace the cutting-edge. This pursuit will not only hone my skills but also broaden the horizons of my knowledge, enabling me to contribute effectively and adapt swiftly in an ever-changing land.

## PROJECTS EXPERIENCE

### 1. Spotify Clone App Development; --

- ✓ The Spotify Clone App project aims to recreate the user interface and core functionalities of the popular music streaming platform, Spotify, using HTML, CSS, and JavaScript. This project provides an opportunity to enhance your front-end development skills while gaining hands-on experience in designing and implementing interactive web applications.

### 2.SHOPPIG WEBSITE: -HTML, CSS, JAVASCRIPT AND MONGO-DB

The "Shopping Website with MongoDB Integration" project aims to create a fully functional e-commerce platform using HTML, CSS, and JavaScript, with a backend powered by MongoDB. This project offers an opportunity to enhance your web development skills, from designing an engaging user interface to implementing database-driven functionalities.

## EDUCATION

1.2019 – 2023

Bachelor of Engineering – (BE) AT  
VISVESVARAYA TECHNOLOGICAL  
UNIVERSITY, BELGAUM

Branch – Computer Science and Engineering

Grade – 7.51 CGPA

2) 2017 - 2019

Pre-University Course (PUC)

At HSK Science Institute,  
HUBLI

Grade – 65 % (PCMB)

3) 2016-2017

Secondary School Leaving Certificate  
(SSLC)

At Shri Vijaya Mahantesh School, ILKAL

Grade – 88% (SSLC)

## TECHNICAL SKILLS

JAVA ██████████

MONGO DB ████████

REACT JS ████████

HTML,CSS ██████████

J2EE ██████████

## **INTERNSHIP EXPERIENCE**

### **1. INTERN AT COMPSOFT TECHNOLOGIES: - (SEP 2022 – DEC 2022)**

- Completed numerous web development projects using HTML, CSS, and JavaScript.
  - Developed a company website with a responsive design that could be viewed on all devices.
  - Built a customer dashboard that allowed users to track their orders and manage their account information.
  - Created a marketing website that generated leads and increased sales.
- Demonstrated a strong sense of initiative and attention to detail.
  - Took the initiative to learn new technologies and improve my skills.
  - Identified and resolved bugs in my code.
  - Met all project deadlines and requirements.

### **2. INTERN AT KODNEST TECHNOLOGIES: - (JUNE 2023 – PRESENT)**

- Throughout my internship at Kodnest Technologies, I proficiently executed a range of Java Full Stack development projects, harnessing my in-depth knowledge of both frontend and backend technologies.
- With a keen sense of initiative and an unwavering focus on precision, I consistently delivered top-notch solutions, ensuring they met and exceeded project deadlines.
- My dedication to producing exceptional work remains steadfast, reflecting a commitment to high quality outcomes in a rapidly evolving tech landscape.

## **SOFT SKILLS**

- Proficient command of the English language, evident in exceptional written and verbal communication abilities.
- Confidently articulate and maintain a professional demeanour while engaging in various speaking contexts, drawing from substantial experience.
- Display an empathetic disposition as an attentive listener and a compelling orator.
- Proficiently address audiences, whether in public forums, group settings, or through electronic media.
- Skilfully execute impactful presentations and adeptly navigate negotiation scenarios, highlighting a proven track record of success.
- Exhibit strong leadership qualities that contribute to effective team dynamics and goal achievement.
